# DEDICATION

Come to The City of Light.

Come into the city of New Jerusalem  
and pickup the flowers at your feet.

The walls of the city are energized...  
with the natural power of the planet...  
the power of eternity.

You are standing on the threshold of a new time...a New Age...  
an age in which there will be important advances in the evolution,  
the ascension of mankind.

You came to this time and to this place to help put this project into place.  
As you move toward your goal, you will connect with other beings  
who are also on "a mission."

Some of your missions "will not seem to have anything in common" at the time.  
But, they will ultimately be "connected"  
as surely as your meeting was a connection of Spirit.

Do not hesitate to continue on your path.  
Your path is The Way of Love and Light.  
It is the road to The New Jerusalem.

This city...will be The City of Light...  
and it will stand in time as the city that welcomes  
The Children Of The Dawn.

And with the arrival of the children into the city  
the period of enlightenment will commence.  
This period of enlightenment will usher in the New Age.

There will be "new energy" associated with this "new time."  
This energy will be that which you create within yourself and within Mother  
Earth.  
It is imperative...that all beings...concentrate on "positive thoughts."

We are supporting you and your efforts, for it is for the higher good of all  
that the energy and vibration of mankind and the planet Earth  
be lifted to a new level.

Rise-up (you) Children Of The Dawn.  
Carry through the gates of The New City  
the energy of a new time...a new place.

Welcome home.

Signed/  
Pleadians.

## **ACKNOWLEDGEMENTS**

We will to thank and acknowledge all those who have not only supported us in our journeys, but who have aided us directly or indirectly in our birthing of **neo-energetiks**©. Without these individuals and their expertise, we would not have been able to complete our initial work.

We believe that Spirit, the Divine Presence—that is in us and which unites us all—used these gifted healers and seers to help us craft this modality. We can hardly thank them adequately. Yet in our heart of hearts, we know their contributions were both essential and instrumental in the evolution of this work!

Our humble and heartfelt thanks go out to all of the following:

**Cynthia Adler**  
**Dr. Glenn Smith**  
**Stacey Shlakman**  
**Sharon Kennick**  
**Michael and Cece Gallery**  
**Janet Kim**
